

Multi-headed Concrete Floor Scabblers

TRELAWNY
SURFACE PREPARATION TECHNOLOGY™

ACCESSORIES

Replacement Piston

Part number	Description
612.0125	Carbide tipped piston bush hammer head

MHS11

- Compact design for ease of transport
- Robust build quality to withstand construction environments
- 24,000 light blows per minute
- 3 point vibration damping system for operator comfort
- Low air consumption - enables use of small compressor
- 250mm cutting width
- Developed in conjunction with the CITB
- 1.29m High
- Ideal for laitance removal from large floor areas
- Ideal for roughing concrete prior to resurfacing
- Ideal for bridge deck preparation for water-proofing

Type	MHS11
Brand	TRELAWNY
Weight kg	70
Width / cut mm	285/250
Blows p/min	11 X 2200
Air cons. l/s CFM	26 / 54.5
Inlet thread	PT 3/4" - claw
Hose diameter mm	12
Vibration m/s ²	4.96
Noise level dB(A)	97

ELV - Daily Exposure Limit Value
EAV - Daily Exposure Action Value

Product Code	Time to reach ELV (hours:minutes)	Time to reach EAV (hours:minutes)
MHS11	8.08	2.20

Dust Extraction

Many of our products are dust extraction ready so can be directly connected to your dust extraction unit. Other tools in the range require an optional dust extraction shroud. Using dust extraction not only creates a cleaner safer working environment, but will extend the life of the cutter or grinding media & increase the speed a work area is completed.

Vibration Control

A selection of our tools are fully equipped with a range of vibration reducing design features for smoother operation and greater comfort. By selecting a vibration controlled option, you not only decrease any potential health risks to your tool operators, but you could also massively increase your productivity levels. The vibration control feature increases the length of time the tool can be used before current ELV & EAV levels are reached.

REPAIR & SERVICE DEPARTMENT

From the Yokota UK service centre at our Sheffield head office we are able to offer you full service, repair & preventative maintenance.

- FREE no obligation quotations
- 3 month comprehensive warranty on all work carried out
- Fully traceable repair history through our quality management systems
- Only OEM spare parts used
- Complete maintenance advice service
