RED BAND CONSTRUCTION EQUIPMENT

BS35 & BS45

The **BS35** and **BS45** are general purpose masonry saws specifically designed to meet the “no-frills”, everyday requirements of today’s hire market. Strong and robust, the BS35 and BS45 have been designed to be serviced and maintained with the minimum of down time. The BS is a versatile machine suitable for the continuous cutting of a wide variety of materials and most cutting applications.

- Strong and rigid construction for continuous, accurate cutting.
- Fixed blade guard – less moving parts.
- Precision blade shaft on self aligned sealed bearings.
- Totally enclosed blade shaft – easily removed, reducing down time.
- Spring loaded cutting head.
- Angle guide for precision cutting.
- Emergency stop button for operator safety.
- Recirculating water feed system.
- Fork lift eyes for easy site manoeuvrability.
- Available in petrol, 110, 220 or 415V electric.
