

POWER PACKS

JCB's range of hydraulic power packs provide a combination of performance and a compact user-friendly design.

- Lift up handle makes portability second to none
- Adjustable hydraulic flow gives precision control of tools
- Power-on-demand system that reduces off load engine speed to idle, giving reduced noise levels, less engine wear and lower fuel consumption
- Swing open frame provides excellent maintenance access to engine and hydraulics
- Unique suction circuit eliminates pulsation damage to cooler
- Integral hose track prevents damage to hoses
