

GP360 CHEMICAL TOILET

ECO FUSION PULSE

GAP GROUP

WELFARE SERVICES

Ground lowering, anti-vandal, robust and easy-to-use **single axle mobile** welfare accommodation unit.

Seating area

Inverter sockets c/w USB-A/USB-C

Well equipped canteen

Fridge (optionl)

Toilet wash area

Solar technology

Innovative, functional, environmentally efficient and cost effective.

This GP360 Fusion unit offers the legendary robustness and ease of use of the standard **groundhog** mobile welfare unit whilst offering a green environmental solution.

Powered by solar technology with generator backup, these units ensure optimum performance is maintained when in use and unmanned, giving owners and end users savings by way of reduced fuel usage, reduction in generator servicing, longer generator life, fewer breakdowns and reduced noise pollution – providing all your on-site needs in one reliable and cost effective package, **ideal for rental companies and contractors.**

Powered by roof mounted solar panel with generator back up

Fully hot-dipped galvanised chassis

12V diesel powered air blown heating system

Warm water from an on-board heating system

12V LED lighting with PIR

Double inverter sockets with Type-A / Type-C USB

Auto Start Stop Sustainable Generator

Fuel Active system

3 minutes

Lowered & secured in 3 minutes

KEY FEATURES at a glance

Length	3655 mm
Length (including drawbar)	4920 mm
Height (on wheels)	2.9 m
Height (on ground)	2.5 m

Auto start stop generator	6 kVA
Unladen Weight	1750 kg
Possible Gross Weight	1800 kg*
Solar Panel	x1

Fresh Water Tank	20 Litres
Waste Water Tank	20 Litres
Toilet Waste Tank	135 Litres
Fuel Tank Size	32 Litres

* Fully laden gross weight exceeds maximum towing capacity, unit should be transported to site prior to making site ready.

1 Canteen Area

- 12V LED lighting with PIR
- Table and bench seating for up to 6 people
- 12V diesel powered air blown heating system
- Warm water supplied by on-board heating system
- Large stainless steel sink c/w warm water tap
- Stainless steel canteen worktop
- Double inverter powered socket with Type-A / Type-C USB connection
- Auto start stop generator start panel c/w hour run meter
- Fresh & waste water containers (20 Ltr cap each)
- Consumer board c/w RCD & MCBs
- Carbon monoxide monitor and smoke alarm
- Fridge (optional)

2 Toilet Area

- 12V LED lighting with PIR
- Plastic recirculating toilet
- Forearm wash basin c/w warm water tap
- Warm water supplied by on-board heating system

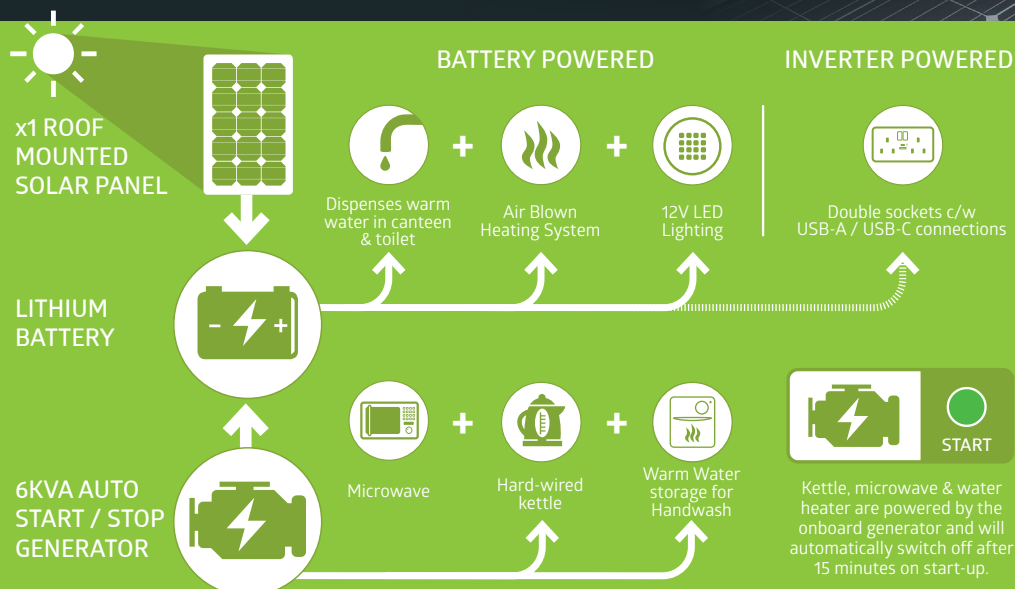

3 Generator/ Warm Room

- 12V LED lighting with PIR
- 12V diesel powered air blown heating system
- Voltage sensing auto start stop generator
- Access to fuel tank with separate fuel level gauge (58 Ltr cap)
- Fuel Active system
- Generator start battery
- Coat hooks

Intelligent Solar Technology system

THE ENVIRONMENTAL CHOICE

Highly efficient lithium battery is charged via intelligent solar power system with built in controller and backed up by on-board HogPower – ensures optimum performance is maintained when in use and unmanned.

SAVES YOU MONEY

Environmental features give owners and end users savings by way of reduced fuel usage, 90% reduction in onboard generator servicing, longer running life, fewer breakdowns and massively reduced noise pollution.

SIGNIFICANTLY REDUCED RUNTIME	SIGNIFICANTLY REDUCED FUEL USAGE
LESS EMISSIONS	SIGNIFICANTLY REDUCED SERVICING COSTS
Helping you achieve realistic carbon reduction goals, intelligently.	
ONBOARD POWER STORAGE SYSTEM
